

FASTEST

How CIM-Data's Virtualization Server gives you the:

Performance!

Files are stored across Four Hard Drives. Access is 4X faster!

"Instant" Backups to Mirrored Drives. Service twice as many users!

Add two more drives if needed. Or add an expansion chassis for even more drives.

Two drives standing by to automatically replace a failed drive.

Up to two weeks worth of backups are stored online!

...And more reliable, more economical for

CIM-Data * Signassure * Power Broker * Agency Manager
